

ABHISHEK KUMAR GAUTAM

Greater Noida, Uttar Pradesh | +91 9234950604 | ak9724068@gmail.com | github.com/Gautam215 | linkedin.com/in/gautam313

PROFESSIONAL SUMMARY

Computer Science graduate focused on full-stack development, with project experience building responsive web applications using JavaScript, TypeScript, React.js, Next.js, Node.js, and MongoDB. Project work includes API integrations, database-backed accounts and booking flows, automated testing, and CI/CD, alongside Agile/Scrum experience and foundational cybersecurity training. Seeking an entry-level software or full-stack developer role.

EDUCATION

Galgotias University, Greater Noida, Uttar Pradesh Bachelor of Technology in Computer Science	Oct 2022 - Aug 2026
Sri Chaitanya Techno School, Visakhapatnam, Andhra Pradesh Senior Secondary Education (Class XII, PCM)	Aug 2020 - May 2022

TECHNICAL SKILLS

- **Programming & Query Languages:** JavaScript, TypeScript, Java, C, C++, Python, SQL
- **Frontend Development:** HTML5, CSS3, React.js, Next.js, Tailwind CSS, Redux Toolkit, Responsive Web Design, UI/UX
- **Backend Development:** Node.js, Express.js, REST APIs, JWT Authentication, Role-Based Access Control (RBAC)
- **Databases:** MongoDB, Oracle SQL, Database Design, Query Optimization
- **DevOps & Tools:** Git, GitHub, Docker, GitHub Actions (CI/CD), Postman, Vercel, VS Code
- **Cybersecurity:** Wireshark, Splunk, Threat Detection, Risk Analysis, Network Security
- **Software Practices:** Agile/Scrum, Software Development Life Cycle (SDLC), Unit Testing, Debugging, Technical Documentation, Team Collaboration

PROJECTS

Music & Movies Show Next.js, TypeScript, MongoDB Live Link • Built a responsive movie-discovery and ticket-booking app for films, television, and anime. • Connected TMDb for film discovery and trailers, with optional Spotify OAuth/API, OMDb enrichment, and YouTube fallback. • Added 2D seat-map booking and a sign-in-gated Three.js theater with five curved seating rows and on-screen trailers. • Implemented email/password sign-in and cookie sessions; MongoDB stores favorites, viewing history, and confirmed bookings. • Configured GitHub Actions CI checks and Vercel deployment; API rate limiting defaults to 120 requests per 60 seconds.	Sep 2026
Campus Connect Portal React.js, Modular CSS, Vercel • Worked with an Agile team to build a responsive college website using React.js and modular CSS. • Built reusable React components for navigation and page transitions; tested the site and deployed it on Vercel.	Jul 2024
Smart Chatbot React.js, Modular CSS, Redux Toolkit • Collaborated with a team to build an AI-powered chat application with a responsive interface for multiple screen sizes. • Managed chat history and application state with Redux Toolkit to organize data flow.	Mar 2023

CERTIFICATIONS

• Cyber Job Simulation, Deloitte Australia (via Forage)	Jul 2026
• Master Mentors Geo-Enabling Indian Scholars (MMGEIS)	Mar 2026
• Cyber Security, Prodigy Infotech	Dec 2025
• Postman API Fundamentals	Feb 2025
• Oracle Java Fundamentals	Dec 2024
• Oracle Database Programming with SQL	Jan 2024

LEADERSHIP & EXTRACURRICULARS

Campus Ambassador Tryst '23, IIT Delhi • Ranked #1 among all campus ambassadors nationwide for Tryst '23. • Led the points leaderboard by driving the highest event participation.	Mar 2023
